

# TufTile In-House Powder Coating

State-Of-The-Art Durability

## Tactile Walking Surface Indicators

### TufTile's Tactile Walking Surface Indicators "System"

Used individually or together in a project, our DWS's, TDI's, & TWD's are available in either 16 gauge or 10 gauge galvanized steel.

#### Galvanized Steel Construction

Rust-resistant, long-term durability, G-90 grade galvanization.  
Aesthetically superior to plastic and cast iron products.

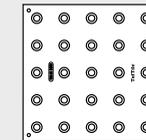

#### 16 Gauge Galvanized Steel

Metallic alternative to plastic

#### Heavy-Duty 10 Gauge Galvanized Steel

Metallic alternative to plastic and cast iron

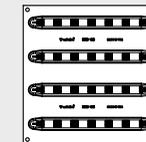

Available as wet-set (new concrete) or surface-applied (cured concrete)  
Complies with ADAAG / PROWAG / CA TITLE 24 / TDI's comply with ISO 23599

#### DWS

##### DETECTABLE WARNING SURFACE

Truncated domes arranged in a grid or radial pattern. Serves to warn of hazards at street crossings and platform edges.

#### TDI

##### TACTILE DIRECTION INDICATORS

Elongated bars arrayed side-by-side. Serves to guide, alert, align, and locate.

#### TWD

##### TACTILE WARNING DELINEATORS

A raised, linear trapezoid. Serves to delineate and alert of danger on the opposite side.
